2. **Claims 55-73** are allowed. The new numbering of claims is 1 through 19.

The following is an examiner's statement of reasons for allowance: the prior art of Swaim, applied in the previous Office actions, does not disclose or fairly suggest an apparatus recited in the amended claims 55 and 67, in particular "a controller for controlling (a) operation of the detection means during analysis of the sample sop as to measure hydrogen sulfide evolved on a real time basis as a function of time, and (b) calculation of the cumulative concentration of hydrogen sulfide as a function of hydrogen sulfide concentration and flow rate, and a trap for selectively removing hydrogen sulfide form an exit stream leaving the apparatus" (claim 55). Claims 67 recites even more limiting structural elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
